STIX MEDICAL

FREE GLAUCOMA DETECTION TEST

Did you know that 64 million people have Glaucoma, a group of eye diseases which cause vision loss?
Did you know only about 50% of people know they have this disease?
Do you have 1 minute to spare right now to get tested for Glaucoma?

If so, press **Start** below. The test is completely safe and free, and you can quit anytime.
No personally identifiable information will be saved.

Press to Start
